

Scaling Chronic Care Management Across athenahealth Practices

We collected and analyzed data from **100+ athenahealth client implementations**, over a 3-year period. The results are impressive.

IMPACTFUL OUTCOMES

Average Revenue Generated Over Time for Active Clients

On average, 30 days after going live, athenahealth practices using ChronicCareIQ generate impressive reimbursement sums.

Financial & Program Impact

ChronicCareIQ helps athenahealth practices scale compliant care programs without scaling employee count at the same pace.

Are you still stuck in the **past**?

ChronicCareIQ **automates time tracking** across care program activities.

A couple minutes for medication refills, the time spent on the phone, the few seconds glancing at a chart to answer a patient question...

All reimbursable, if there was only way to track and capture it.

With ChronicCareIQ, you finally can.
